

STATEMENT OF ACCOMPLISHMENT

#45,027,806

HAS BEEN AWARDED TO

Maisha Islam

FOR SUCCESSFULLY COMPLETING

Introduction to Deep Learning in Python

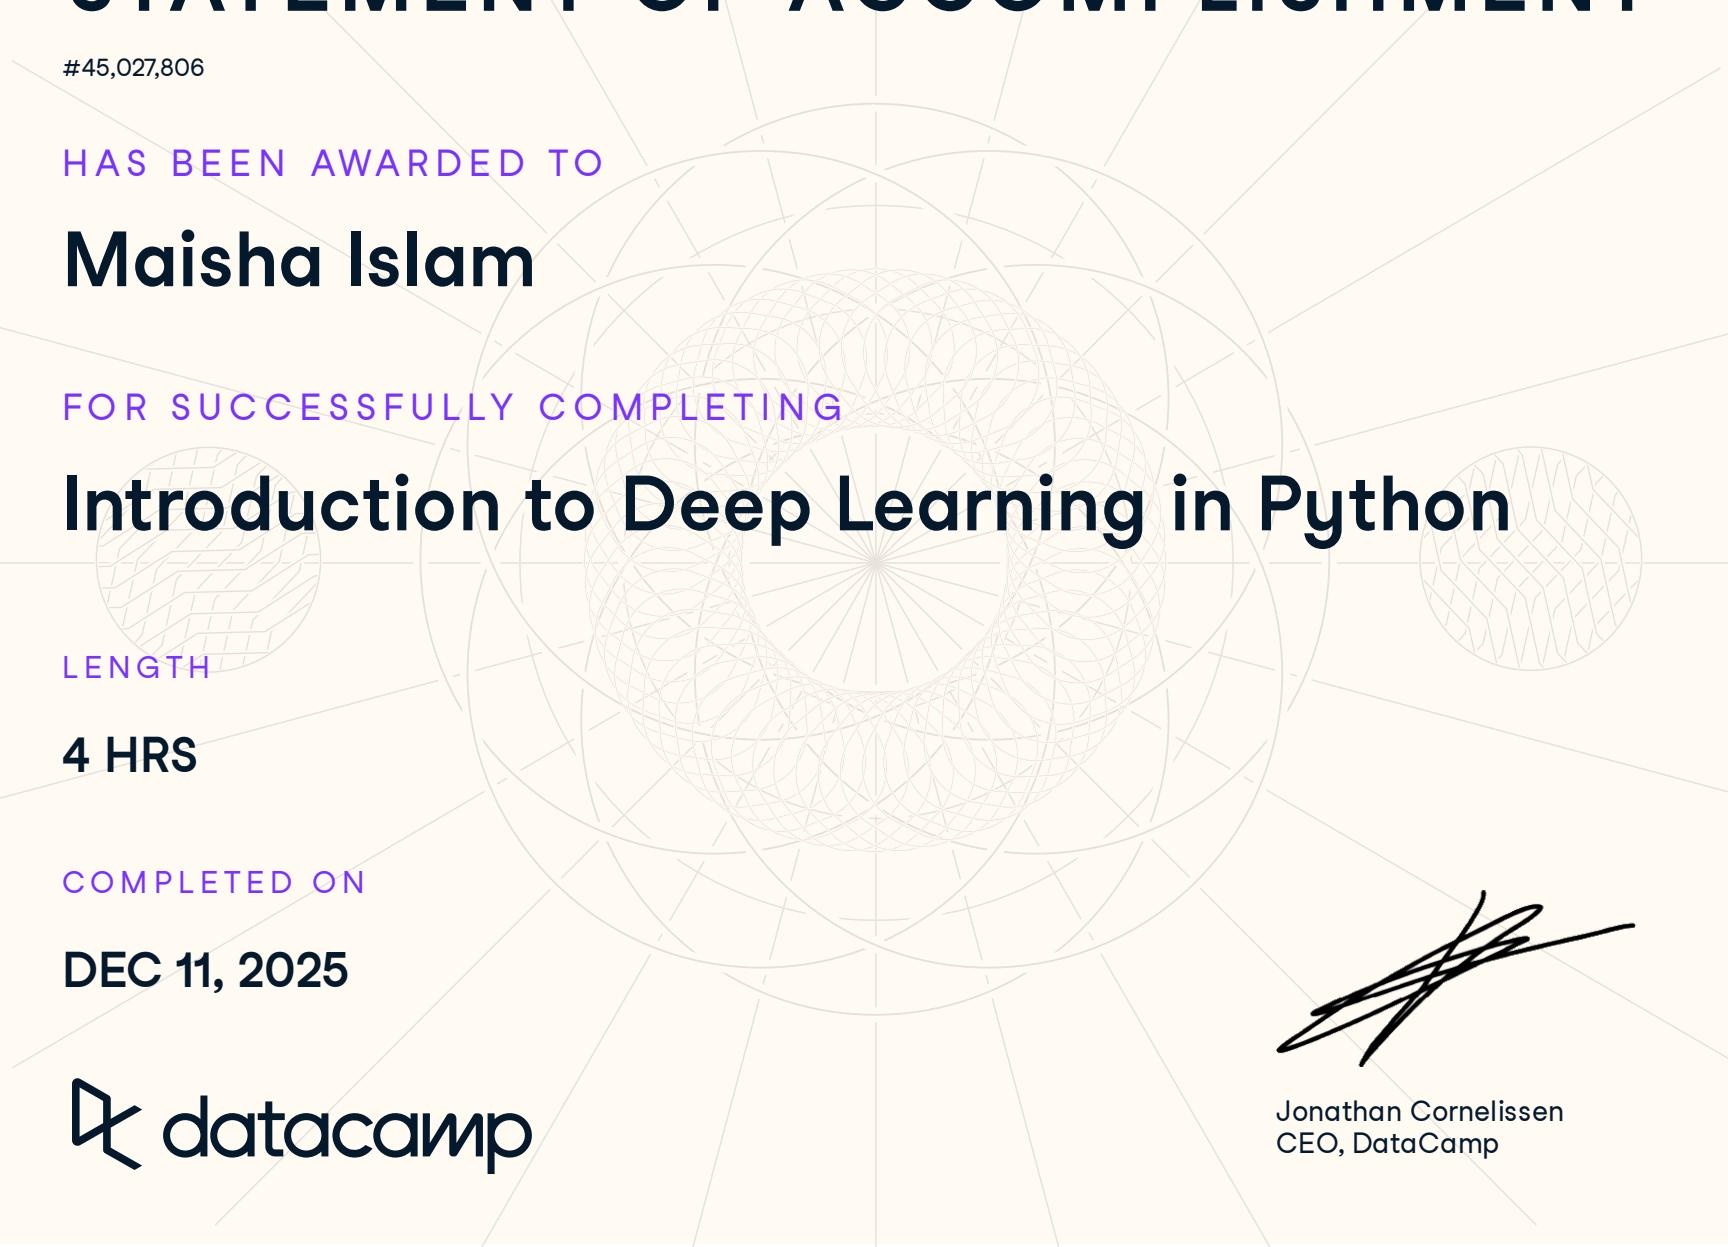

LENGTH

4 HRS

COMPLETED ON

DEC 11, 2025

 datacamp

A large, faint watermark-like graphic in the background features three circular nodes connected by a web of lines, resembling a neural network or a complex graph. The nodes have a grid pattern. The text 'LENGTH' is positioned near the left node, and '4 HRS' is positioned near the bottom node. The entire background has a light beige or cream color with a subtle texture.
